

Lido Shores Owner Key Fob Registration

The electronic key fobs for Lido Shores' front and rear doors are now available. To obtain your fobs, please see Dan in the management office to sign for them. Under no circumstances will fobs be issued to an owner surrogate. Traditional keys will continue to work on all lobby doors.

There are several security considerations to keep in mind:

- Fobs are not to be used by renters/tenants at any time.
- Fobs are tracked to each unit in case of liability.
- Fobs must be signed for and distributed in person, to owners only.
- Lost fobs are replaceable at a cost to owners of \$200.
- Lido Shores reserves the right to rescind fobs in any case where security of the building is placed in jeopardy.

I/We acknowledge receipt of the above listed restrictions for the use of the owner fobs at Lido Shores Condominium. By signing below, I/we agree to abide by these restrictions. Fobs may be disabled if restrictions are not observed.
